Location: Novi Police Department Training Center, 45125 W. Ten Mile Road, Novi MI 48375

The focus of the training is to show how to correct criminal history records which are either incomplete or contain errors to ensure compliance with CCH reporting requirements established in MCL 28.243. The incomplete records are generally created via a Live Scan of suspects that were created in error (duplicate print), have missing fields of information in prosecutor or court disposition areas, or contain the wrong ORI/charge code.

To register for the class please contact Mr. Ted Kilvington, MSP Criminal Records Quality Control Auditor at KilvingtonT@Michigan.gov.
